## CrossRacer Transport Services

*Welcome to CrossRacer Transport Services*, the most professional option to suit the needs of transportation pre and post flight of passengers and crews, and where it's possible to outline the most suitable solutions for every one of our customers' requirements.

Best service quality levels and personalized attention by our coordinators, last generation units guarantee safety and comfort of crews and passengers to and from the airport.

We are an enterprise born within CrossRacer Group (founded in 1992) which today has its own offices in four countries of the region: **Argentina, Brazil, Chile, and Uruguay**, and agreements in Bolivia, Peru and Paraguay.

Built up by people with vast **experience** in the area, who express with their actions the concepts of **quality, anticipation, efficiency and cordiality**.

*The most professional option to suit the needs of transportation pre and post flight of passengers and crews.*

## History

We started writing our history in 2008 assisting and servicing Lufthansa & USAF Crews besides shuttling passengers from other companies.

This activity has allowed us to offer **our experience and the quality** of our services in a successful beginning which is shown in the satisfaction of our customers and the finding of new challenges.

Present time finds us **fully developing and growing** in our capacity of response to efficiently, accompany the increasing demand of solutions within the scope of transportation.

**Present time finds us fully developing and growing in our capacity of response to efficiently.**
